Team ID	SWTID-2026-7907
Project Name	EduGenie – Google Gemini Powered Learning Assistant
Maximum Marks	2 Marks

Data Flow Diagram

Create a Data Flow Diagram (DFD) to show how data moves through your system - between external entities, processes, and data stores. Use the symbol legend below as a guide.

DFD Symbol Legend

Symbol	Name	Description
Oval / Rounded shape	External Entity	Represents the Student/User who sends learning queries and receives AI-generated responses.
Rectangle with numbered header	Process	Represents system processes such as Submit Query, AI Processing (Gemini), and Generate Learning Output.
Rectangle (solid fill, no number)	Data Store	Stores project data such as User Queries, AI Responses, Quiz Records, and Learning History.
Labeled arrow	Data Flow	Shows the movement of data between the Student, Processes, and Data Stores, such as learning queries, AI requests, responses, quizzes, and summaries.

Example

The diagram below illustrates how the symbols above come together to form a complete data flow diagram.
