Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example: support

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A Student preparing for exams	Understand difficult concepts quickly and score better	I spend too much time searching different websites and videos	Learning resources are scattered and explanations are not personalized	Confused and frustrated while studying
PS-2	A self-learner	Practice quizzes and revise topics efficiently	I don't have one platform for explanations, quizzes and summaries	Most tools provide only one feature instead of complete learning	Less Confident about my preparation
